

Senior UX Designer with 5+ years of experience driving design strategy for scalable B2B SaaS, compliance, supply chain, marketplace, and consumer platforms. Specialised in AI-assisted workflows, design systems, and complex workflow optimisation. Expert in driving stakeholder collaboration to align product strategy with business goals, design mentorship, and end-to-end UX ownership.

WORK EXPERIENCE

RedBeryl Tech

Pune

Senior UX Designer · Mar'24 – Present

- **Designed AccuShipment for AccuRest** — 5-phase, 20+ milestone supply chain platform unifying procurement, logistics, finance & warehouse across 5 stakeholder teams; reduced shipment creation from 45 min to 8 min and ops admin from 2.5 hrs to 45 min.
- **Transformed manual compliance workflows for vState Filings** — achieved 70% less manual work, 45% fewer errors, 50% faster filing; validated across 12 stakeholder sessions and a 3-month pilot.
- **Led UX for Snack Hack** (US B2C health scanner) — benchmarked Truthin, Yuka, Fooducate; simplified scan-to-result flow reducing decision time by 33%.
- **Optimized search, filters, and profiles for LocateTutor** (US tutor marketplace, web + mobile) — improved tutor match accuracy by 55% in usability testing.
- **Engineered 3 atomic design systems** across vState, AccuRest, and SnackHack — improved team efficiency by 70% and reduced developer rework by 50%.
- **Leveraged AI tools (Claude, Lovable, Figma AI, ChatGPT, Gemini)** to accelerate ideation, rapid prototyping, and UI generation across product cycles.
- **Mentored junior designers and interns;** drove product decisions alongside PMs and stakeholders.

Esoftcode

Pune

UI/UX Designer · Mar'23 – Feb'24

- **Designed NextBuilt CRM** — built a reusable component library reducing UI inconsistency across 8 core modules and accelerating delivery velocity.
- **Led UX research** including competitive analysis, usability testing, and user interviews to validate design decisions.
- **Built scalable design systems;** produced interactive prototypes, developer-ready Figma specs, and responsive layouts.
- **Collaborated with product and marketing teams;** owned end-to-end design-to-dev handoff for responsive web implementation.

KnackBe Tech

Pune

UI Designer · Jul'21 – Mar'23

- **Redesigned Flourpicker** (FMCG e-commerce mobile app) — restructured IA and visual hierarchy, improving category navigation and product discoverability.
- **Developed brand identity assets, marketing collateral, and landing pages;** designed and executed paid campaigns across Google Ads, Facebook, and Instagram.

EDUCATION

MBA · Business Analytics

IMERT Pune (Mar 2021 – Aug 2024)

BE · Information Technology

MITCOE Pune (Mar 2016 – Nov 2020)
